In order to provide psychosocial support for families through specific early help services (funding area II), the following minimum requirements must be met in the area of services at the interfaces of the various social benefit systems:

- The concept of pilot services relies on specialists who offer information, advice or personal support and refer expectant families or families with infants and young children to early help or, if necessary, to other help

Modul

Sachverhalt

systems.

Testing innovative measures and implementing successful models:

- the gaps in care for children from families in stressful circumstances, which the conventional care systems cannot cover due to their logics, are closed by innovative approaches
- the measure is set out in a concept and subsequently evaluated in a comprehensible manner
- the measure must be designed as a pilot project and be limited in time
- there may also be specific requirements in your federal state

Kosten

Staatliche Leistung: Es fallen keine Kosten an
There are no costs.

Verfahrensablauf

The procedure is aimed at local authorities and providers and is handled by the relevant state coordination offices.

As an early help provider, you can apply for funding from the responsible local authority or the federal state.

How to apply:

- You can apply for funding from the Federal Foundation for Early Help online.
- To apply, complete the application via the online portal. A description of the measures and a financing plan must be submitted with the application.
- The state coordination office will check the form and content of your application and request any missing documents.
- If the decision is positive, you will receive a grant notification.
- If the decision is negative, you will receive a rejection notice.

Payment:

- The grant awarded will be paid out in accordance

Modul

Sachverhalt

with the application and in accordance with the provisions of the grant notification.

- If you waive your right to appeal by submitting the "Declaration on the Grant Notification", you will receive the funding immediately.

Verification of use of funds:

- To prove the use of funds, you must submit a proof of use including numerical evidence.
- The proof of use will be checked by your responsible state coordination office.
- If there are any objections, you may be required to repay any grants awarded, even if they have already been spent. This may be the case if the measure is overfinanced or the funds have not been used for the intended purpose. On-site inspections are possible in individual cases in accordance with the grant notification.

Bearbeitungsdauer

Frist

You must submit your application to the federal states from August 1 to December 31 of the previous year. The federal states submit the proof of use for the respective previous year to the office of the Federal Foundation for Early Intervention by July 31.
