Teaser	In individual cases, you can be exempted from the requirement of a certificate of competence according to the Chemical Ozone Layer Ordinance.
Volltext	In order to work on technical facilities that use ozone-depleting substances, you usually need to provide proof of competence. This is a completed relevant vocational training, a certificate of competence according to the Chemicals Climate Protection Ordinance or equivalent proof from other European countries. The Chamber of Industry and Commerce or Chamber of Crafts may, on request, exempt you from the requirement of technical or craft training in individual cases if you meet the requirements for entry in the register of craftsmen in a relevant craft or otherwise prove that you are comparably qualified for technical or craft activities. The competent authority may obtain an opinion from the competent guild or professional association before taking a decision.
Erforderliche Unterlagen	Proof of qualifying professional activities
Voraussetzungen	You meet the requirements for entry on the Register of Craftsmen

Modul	Sachverhalt
	Alternatively, you can otherwise prove that you are qualified to practice a craft
Kosten	Fees are charged in accordance with the scale of fees of the competent authority.
Verfahrensablauf	You first submit your application for exemption from the requirement of technical or craft training to a chamber of commerce and industry or chamber of crafts. - The board checks whether you meet the requirements. - For this purpose, the Chamber may also ask other bodies, such as guilds or professional associations. After processing your application, you will receive a letter stating whether you can be exempted from the requirement of training.
Bearbeitungsdauer	Usually at least 3 months
Frist
