Hinweise

- The granting of a residence permit is at the discretion of the competent foreigners authority. Applicants are therefore only entitled to a decision free of discretionary errors.
- As a rule, the residence permit does not entitle the holder to engage in gainful employment. An exception may exist for the time of vacations.
- During the stay for participation in a language course, i.e. until the successful completion of the educational measure and handing over of the corresponding graduation certificate, a residence permit for another purpose of stay should generally only be issued if there is a legal entitlement (for example, family reunification or study).
- After the completion of language courses, which are necessary for taking up employment or training, the residence permit for the appropriate purpose can be issued without prior departure.
- Following participation in a student exchange, a residence permit for another purpose of stay may only be issued if there is a legal entitlement.
- The procedure is usually conducted in German.
- All information given to the Aliens' Registration Office should be correct and complete to the best of your knowledge and belief, so that the request can be processed without major delays.
- Incorrect or incomplete information can slow down the procedure and be disadvantageous for the person concerned. In a serious case, incorrect or incomplete information that is not completed or corrected in time vis-à-vis the Aliens Department may result in the revocation of residence rights already granted, a fine, a
