Teaser

You can find out more about registering on the electoral roll for local elections if you are a citizen of the EU living in Germany.

Volltext

If you are a citizen of the European Union living in Germany, you are only entitled to vote in local elections if you

- are at least 16 years old on election day
- are not excluded from the right to vote
- have your (main) place of residence in the electoral area of the municipality or district on the 16th day before the election or otherwise usually reside there and do not have a home outside the electoral area.

In addition to the substantive right to vote, participation in the municipal election requires registration in the electoral roll of the municipality or district or a polling card.

If you have your (main) place of residence in the electoral area, you will be entered in the electoral roll there ex officio if you meet the other requirements. A secondary residence in the electoral area is not sufficient for entry in the voters' register.

If you have not been entered ex officio due to a lack of a registered (main) residence, you can submit an application for inclusion in the voters' register up to the 20th day before the election.

From the 20th to the 16th day before the election, you can inspect the electoral roll during general opening hours. During this time, you can be entered on the electoral roll if you meet the requirements.
