The electronic wine accompanying document procedure (eWeinBV) allows you to create the wine accompanying document online:

- Before the upcoming transportation, you log in to the eWeinBV application with your user ID and prepare the electronic wine accompanying document.
- This will guide you step by step through the necessary information, which you can enter online.
- Finally, you confirm that all the information provided is correct.
- The accompanying document is created, receives a unique reference number and is unchangeable for you. The transport can begin.
- All parties involved (e.g. drivers, winery, commission agents) can now call up the electronic wine accompanying document online or receive it digitally.

Submit the accompanying document by post or fax:

- You give the original to the driver. You keep the remaining two copies.
- The driver hands the original to the recipient of the wine transport (e.g. the winery) at the destination.
- You send one carbon copy by post or fax to the competent inspection authority at the place of loading no later than one day after the start of transportation.
