Teaser	Accidents involving certain work equipment or systems requiring monitoring in which a person has been killed or seriously injured must be reported immediately.
Volltext	If an accident occurs during the use of work equipment and a person is seriously injured or killed, you as the employer must report this to the occupational health and safety authority. This applies to accidents involving the following work equipment • elevator systems • pressurized systems • Installations in potentially explosive atmospheres • cranes • liquid gas systems • Mechanical equipment for event technology
Erforderliche Unterlagen	Informal notification with the following details: • Address of the company • Address of the business premises or construction/assembly site at the incident location • Date of the incident • Type of incident (e.g. explosion, media leak, crash) • Number of persons injured, number of persons killed • Work equipment involved • Approved monitoring body involved (for installations requiring monitoring in accordance with Annex 2 of the Ordinance on Industrial Safety and Health)

Modul	Sachverhalt
	• Agency involved in determining the cause (for work equipment in accordance with Annex 3 of the Ordinance on Industrial Safety and Health) • Brief description of the incident and the damage that occurred (including photos and videos) Measures already initiated by the employer The occupational health and safety authority may also request the following information from you: • Risk assessment • Proof that a competent person has prepared the risk assessment • Details of the persons responsible • Details of the protective measures taken • Proof of regular instruction of employees • Operating instructions
Voraussetzungen	• You are the employer • the following work equipment is involved: elevator systems pressurized systems Installations in potentially explosive atmospheres cranes Liquid gas systems Mechanical equipment for event technology
Kosten	There are no costs.
Verfahrensablauf	• Submit the notification of the incident to the competent authority immediately with all the necessary information. • The competent authority will inform you whether further documents (e.g. an assessment by an approved inspection body) are required.
Bearbeitungsdauer	
Frist	You must report the accident immediately.
weiterführende Informationen	
Hinweise	
Rechtsbehelf	
Kurztext	• Notification of the use of work equipment in accordance with the Ordinance on Industrial Safety and Health Receipt in the event of an accident

Modul	Sachverhalt
	• Occupational accidents in which a person is injured or killed must be reported to the health and safety authority • Prerequisite: The following work equipment must be involved elevator systems pressurized systems Installations in potentially explosive atmospheres cranes Liquid gas systems Mechanical equipment for event technology • Notification must be made immediately • Responsible: Occupational health and safety authority or trade supervisory authority
