## Sachverhalt

Consumer Protection and Food Safety (BVL).  
 • From this data, the BVL prepares its quarterly report on the content of undesirable substances in or on food or feed.

Important: If it is not possible to process Excel documents for software-related reasons, you can agree on a different, preferably Excel-compatible format for data exchange with the responsible Food Monitoring and Veterinary Office/Feedstuffs Division of the Saxony State Investigation Agency.

## Bearbeitungsdauer

### Frist

• The notification must be submitted within 14 days after the entrepreneur has knowledge of the investigation result. Note: This is only the case when the test result has been finally determined. • The notification must be submitted immediately if a maximum content has been exceeded which is laid down in the German Food and Feed Code (Lebensmittel- und Futtermittelgesetzbuch, LFGB), in an ordinance issued on the basis of the LFGB or in a directly applicable legal act of the European Community or the European Union.
