Teaser	Under certain conditions, as an employer you can obtain permission for employees in your company to have rest periods that deviate from working time regulations.
Volltext	In principle, employees have their tried and tested 8-hour day. After the end of the working day, employees are entitled to an uninterrupted rest period of 11 hours. Under certain conditions, as an employer you can have rest periods for employees in your company that deviate from working time regulations approved by the competent supervisory authority in your federal state, namely • for standby duty, on-call duty and on-call duty in the public sector, if there are special circumstances, for example for winter services, and • twice within 3 weeks for shift work in order to achieve a regular weekly shift change. This applies both to the rest period after work on weekdays and after work on Sundays and public holidays. You are not entitled to an exemption permit.
Erforderliche Unterlagen	• Risk assessment (in particular with regard to mental stress due to the different position of the rest period) • Statement from the company doctor • Statement from the works council (if available) • Proof that flexible deployment of employees is necessary either for reasons of public safety and order or for the provision of services of general interest • Schedules for night shifts, showing in particular the opportunities for breaks • Proof that the deviating rest period enables a regular weekly shift change
