Sachverhalt

Notes:

- Ask the relevant office which documents you need to submit.
- The biometric photographs must comply with the relevant formal requirements. Assistance is provided by the Sample photo table for identity documents.
- From 1 May 2025, only digital photographs will be accepted for ID card applications. Depending on the equipment at the authority, you can take the photo when applying on site or you can have the photo taken in advance by a certified service provider (e.g. photographer or photo service at dm drugstores). The photo is then stored by the service provider in a secure cloud. You will receive a printout of a data matrix code (similar to a QR code), which the authority can use to retrieve your photo from the cloud. During the transition period, a paper-based photo may also be accepted in exceptional cases and under certain conditions. Please contact your authority in advance to find out about the options available there!

Voraussetzungen

- You have German citizenship.
- You need an identity document immediately and do not have a valid passport.

Kosten

- 10.00 EUR
- 13,00 EUR surcharge, if the identity card authority processes your application outside official office hours or a non-authorised identity card authority issues the document
- eUR 6.00 for the production of a photograph at the authority when using the Bundesdruckerei photographic technology

Please note:

- For some services, a surcharge of EUR 13.00 is levied for processing outside office hours or when visiting an office that is not responsible.
- You can also submit the application to an identity card authority that is not locally competent. This authority must process your application if you provide important reasons. The authority may also charge a surcharge of EUR 13 for this processing, or EUR 30 for
