Teaser	You want to start working life as a young person? Then you must have a medical examination before starting work.
Volltext	<p>If you are under 18 years of age and would like to start working (training), you must first undergo a medical examination (initial examination).</p> <p>The examination will determine whether you are physically and developmentally suitable for this occupation.</p> <p>This is to prevent you from suffering any damage to your health as a result of the work. After the examination, you will receive a certificate. You must present this to your employer.</p> <p>You do not need an examination if you start a marginal job or if you only work for a short time (maximum 2 months). This applies, for example, to a vacation job or a student internship.</p> <p>The examination costs are paid by the country. You must apply for the initial examination in order to be reimbursed for the examination costs.</p>
Erforderliche Unterlagen	<p>Documents that you must present to apply for the examination authorization certificate:</p> <ul style="list-style-type: none"> <li>• an identification document (for example, identity card or child's identity card or passport).</li> </ul>
