You do not need to submit your own application to the State Judicial Examination Office.

If you passed the second state law examination when you first took it in Mecklenburg-Vorpommern, you can repeat the examination in order to improve your grade. of 450 euros within two weeks of receiving a written request from the State Examination Office. These are to be paid in advance. The fees are reduced in certain cases, for example, if you decide not to continue with the written examination after the result.

Verfahrensablauf

Admission to the examination is automatic after successful completion of the training stations, so that a separate application for admission is not necessary.

Each candidate will be invited by the examination office to prepare the examination papers. The examination papers are completed in the 20th month of training over a period of 2 weeks. After completing the papers, the candidate completes the elective station of the preparatory service, while the supervisory papers are assessed by 2 examiners. The candidate is then summoned to the examination, which takes place at the beginning of the 25th month of training. This consists of a presentation and 5 examination interviews (civil law, criminal law, public law, lawyer and focus). Passing the examination marks the end of the legal traineeship.

After you have been presented by the President of the Higher Regional Court for the Second State Examination in Law, you will be invited to take the written part of the examination. The written part of the examination takes place in the 21st month of training over a period of approximately two weeks. After the written examination, you will continue your preparatory service in the elective stage. If you pass the written examination, you will be invited to the oral examination, which will take place at the beginning of the 25th month of training after completing the elective station.

During the grade improvement procedure, you are no longer in the preparatory service. Once the application has been submitted, it will be reviewed. You will then be asked to pay the fees. If you have paid on time, you will be invited to the written examination.

Bearbeitungsdauer

The examination procedure takes just under 6 months.
