	Directive 91/271/EEC.
Erforderliche Unterlagen	You must ask the licensing authority which documents are required for the specific event.
Voraussetzungen	Wastewater facilities must be constructed, operated and maintained in such a way that the requirements for wastewater disposal are met. In addition, wastewater treatment plants within the meaning of Section 60 (3) sentence 1 numbers 2 and 3 of the Water Resources Act must be constructed, operated and maintained in accordance with the state of the art. The permit must be refused if the aforementioned requirements or other public law regulations cannot be complied with, not even by means of ancillary provisions.
Kosten	Permits for wastewater treatment plants are issued subject to a charge (fees, expenses). The administrative fees are based on the Water Management Costs Ordinance M-V, tariff item 214 (EUR 250.00 to 30,000).
Verfahrensablauf	Application, processing of the application, decision
Bearbeitungsdauer	The processing time depends on the quality and scope of the applications and documents submitted.
Frist	None. Timely application prior to the construction, operation or significant modification of a wastewater treatment plant is required. A decision on the application for a permit for wastewater treatment plants pursuant to Section 60 (3) sentence 1 numbers 2 and 3 of the Water Resources Act shall be made within seven months of receipt of the application and the documents to be submitted. The competent authority may extend the deadline if this is necessary due to the difficulty of the examination or for reasons attributable to the applicant.
