Teaser	<p>Would you like to collect non-profit or commercially recyclable waste, so-called recyclables, from private households? Then you must notify the competent authority at least three months before the start of collection.</p>
Volltext	<p>Non-profit or commercial collections of recyclable waste, so-called recyclable materials from private households, must be notified at least three months before the start of the collection. For example, street or container collections of used textiles and shoes, as well as collection points for used paper or used metal/scrap (excluding electrical appliances) must be notified.</p> <p>The collection may be prohibited, limited or subject to conditions by the competent authority.</p> <ul style="list-style-type: none"> • Recyclable materials from private households must be handed over. This means that they must always be handed over to the public waste disposal authority. • The commercial or non-profit collection of recyclable materials (recyclable waste) is only permitted if this has been reported to the responsible authority. • Mixed waste from private households and hazardous waste may not be collected commercially or on a non-profit basis.

Modul

Sachverhalt

Electronic waste (defective old electrical appliances) must be returned to the public waste disposal authorities or the dealers or manufacturers obliged to take it back.

Erforderliche Unterlagen

- Details of the notifying party (sponsor) of the collection or collection company
- Details of the association or commercial register number
- Business registration
- Proof of non-profit status, if applicable
- Details of third-party representatives
- Certificate of the waste management company (EFB certificate), if applicable
- Plant permit of the recycling company, if applicable
- If applicable, declaration of acceptance from the recycling company or contract with the recycling company regarding acceptance of the waste (confidential data may be blacked out)
- Information on the type, scope and duration, in particular the maximum possible scope and minimum duration of the collection
- Information on the type, quantity and whereabouts of the waste to be recycled
- a description of the recovery routes planned within the notified period, including the measures required to ensure their capacity
- a description of how the proper and safe recovery of the collected waste will be ensured within the scope of the recovery routes
- If applicable, confirmation of notification or authorization of the collection activity (according to § 53 or § 54 paragraph 1 KrWG)

Voraussetzungen

Collection of waste from private households for commercial or charitable purposes.

Notification at least three months before the intended start of collection.

Collectors, transporters, traders and brokers of waste must notify the competent authority of the activities of their business in accordance with Section 53 KrWG before commencing their activities, unless the business
