Teaser	As a citizen/administration, you can report contamination of street drainage facilities.
Volltext	You report contamination at a road drainage facility. The background procedure is as follows: Clarification of who is responsible for the road, followed by an initial inspection and check on site by the road inspection staff. The damage is recorded and the estimated costs for cleaning are determined. After consultation with the supervisors, the service is commissioned to a third party. The road construction administration monitors and accepts the service.
Erforderliche Unterlagen	Exact location of the contamination, place, street number/street name with house number, description of the contamination, possibly a photo.
Voraussetzungen	The construction obligation for the road in question must lie with the State of Thuringia or the Federal Republic of Germany.
Kosten	none
