Teaser	Bulky waste is collected and disposed of separately from household waste due to its bulky nature.
Volltext	Bulky waste is solid waste that cannot be placed in the prescribed collection containers due to its bulkiness, size or weight and is therefore collected and transported separately from other household waste. Bulky waste is nevertheless household waste and must be disposed of in the same way as household waste.

Kurztext	• Bulky waste is solid waste that cannot be placed in the prescribed collection containers due to its bulkiness, size or weight and is therefore collected and transported separately from other household waste. • Bulky waste is nevertheless household waste and must be disposed of in the same way as household waste. • In Thuringia, the districts and independent cities are responsible for the collection of bulky waste.

Modul	Sachverhalt
Ansprechpunkt	In Thuringia, the districts and independent cities are responsible for the collection of bulky waste. They have organized the collection of bulky waste according to the local conditions (in the districts with the municipalities belonging to the district) for their area. This can take the form of fixed collection dates, collection on request or collection options at central locations. Further information can be obtained from the lower waste authority in the districts and independent cities or the respective municipality.
