Teaser	
Volltext	<p>If you wish to carry out pest control activities with substances and mixtures classified as acutely toxic category 1 to 4 or specifically target organ toxic category 1 or 2 or with mixtures in which the above substances are released, or if you wish to resume such activities after an interruption of more than one year, you must notify the competent authority at least six weeks before commencing the first activity.</p> <p>If the control is not already regulated by other legal provisions, the Hazardous Substances Ordinance</p>

Modul

Sachverhalt

requires notification if you

- professionally with others or
- not only occasionally and to a small extent in your own business in which food is produced, treated or circulated or
- in a facility or community facility 2 that is named in the Infection Protection Act, such as z. e.g. in schools, day care centers, asylum centers or prisons or z. e.g. in hospitals, day clinics and maternity facilities

wish to carry out pest control measures involving the use of pesticides that are marketable - depending on the application case

1. as biocidal products in accordance with Section II a of the Chemicals Act or

2. as plant protection products according to the Plant Protection Act.

1 Substances and mixtures of category 1 are labeled with the hazard pictograms "skull and crossbones" (GHS06) and the signal word "Danger", the H-phrase H 300 and the corresponding P-phrases, substances and mixtures of category 2 are labeled with the hazard pictograms "skull and crossbones" (GHS06) and the signal word "Danger", the H-phrase H 300 and the corresponding P-phrases, substances and mixtures of category 3 with the hazard pictograms "skull and crossbones" (GHS06) and the signal word "Danger", the H-phrase H 301 and the corresponding P-phrases as well as substances and mixtures of category 4 with the hazard pictograms "exclamation mark" (GHS07) and the signal word "Warning" the H-phrase H 302 and the corresponding P-phrases.

2 Community facilities within the meaning of the Infection Protection Act are facilities in which predominantly infants, children or adolescents are cared for, in particular crèches, kindergartens, day care centers, day nurseries, schools or other educational institutions, homes, vacation camps and similar facilities.

Modul

Sachverhalt

Erforderliche Unterlagen

The notification must contain the following information in particular:

1. proof that the company's personnel, premises and safety equipment are sufficiently suitable for this work,
2. the number of persons handling the pesticides,
3. the pesticides intended to be used for pest control, the
4. the areas of the intended pest control and the target organisms against which the pest control is to be carried out, and
5. the result of the substitution test in accordance with the Hazardous Substances Ordinance

Voraussetzungen

Pest control must be carried out in such a way that people and the environment are not endangered.

The company or the pest controller must have a sufficient number of suitable and competent persons.

A person is suitable if they:

- is at least 18 years old,
- has the necessary reliability for handling pesticides,
- can prove that he or she is physically and mentally fit to handle pesticides by means of a certificate from a doctor with the title "occupational medicine" or the additional title "occupational medicine"; the certificate must not be older than five years,
- has sufficient command of the German language.

A person is considered competent if they have passed the examination

- to become a pest controller or
- for the recognized qualification of certified pest controller or
- as an assistant or master pest controller under the law no longer in force in the Federal Republic of Germany or under the law of the former GDR

and undergoes regular further training.

Anyone who has passed an examination or successfully completed training that has been

Modul	Sachverhalt
	recognized by the competent authority as equivalent to the above-mentioned examinations is also deemed to be competent.
Kosten	There are no fees for the notification of pest control measures.
Verfahrensablauf	
Bearbeitungsdauer	Your application will be processed as soon as we receive it.
Frist	The notification must be submitted to the competent authority at least six weeks before the start of the first activity.
