| Volltext | <p>A Heilpraktiker is a person who practices medicine professionally without being licensed as a doctor. The practice of medicine is any professional or commercial activity to diagnose, cure or alleviate illness, suffering or physical injury in humans, even if it is carried out in the service of others. In addition, the activity must require specialist medical knowledge and must not cause any damage to health. To practise medicine, you must apply for and obtain a license from the competent authority.</p> <p>A non-medical practitioner is a person who practices medicine professionally without being licensed as a doctor.
