Teaser	For certain systems requiring monitoring, you can apply for a shortening of the inspection period in individual cases.
Volltext	You can apply for the shortening of inspection periods for installations requiring monitoring for the following installations: • Elevator systems • Installations in potentially explosive atmospheres • Pressure systems • Cranes • Liquefied petroleum gas systems • Mechanical tools for event technology

Modul	Sachverhalt
	• Steam boiler plants
Erforderliche Unterlagen	• Information on the system, the place of use and operating times (design, type of production, quality, operational influences) • Result of the risk assessment for the plant • Test certificates for the most recent tests carried out • Information on the measures to be taken to ensure safety • Expert opinion on the equivalence of the measures • Information on maintenance by a specialist fitter or company
Voraussetzungen	They shall establish an equivalent level of security by means of technical and/or organisational measures.
Kosten	Gebühr: 50€ - 320€ The amount of the costs depends on the effort.
Verfahrensablauf	You can request the shortening of the review period in writing to the competent authority. • Submit the application and the required documents. • The authority will examine your application and the documents submitted. • You will receive a notice of shortening the review period or a rejection of the shortening of the review period.
Bearbeitungsdauer	
Frist	As a rule, at the earliest after the first periodic inspection. If sufficient knowledge is available about the operational influences on the service life, the shortening of the test period can also be approved before the first periodic inspection.
weiterführende Informationen	
Hinweise	
Rechtsbehelf	Contradiction: • You may appeal against the decision within one month of notification.

Modul	Sachverhalt
	• You must submit the objection to the competent authority in writing or for a record. • In Rhineland-Palatinate, objections can also be filed in electronic form.
Kurztext	• Shortening of the inspection period of a plant requiring monitoring in accordance with the Ordinance on Industrial Safety and Health Approval • Installations in need of monitoring are subject to fixed inspection periods • The competent authority may, in individual cases, shorten inspection periods for certain installations requiring monitoring • Responsible: Occupational health and safety authority or trade supervisory authority • in Rhineland-Palatinate: Regional Offices Labour Inspectorate of the Structure and Approval Directorate North (SGD North) Regional Offices of the Labour Inspectorate of the Structure and Approval Directorate South (SGD South)
Ansprechpunkt	Please contact the Regional Offices of the Labour Inspectorate of the Structure and Approval Directorate North (SGD North) or the Regional Offices of the Labour Supervision of the Structure and Approval Directorate South (SGD South).
