Teaser	If you want to dispose of hazardous waste as a company, you must apply for a waste disposal number for each of your business premises under certain conditions.
Volltext	As a company, you must comply with certain registration and verification obligations when handling hazardous waste. As a disposer of hazardous waste in accordance with the Waste Catalogue Ordinance (AVV), you are obliged to participate in a waste verification procedure. This is only possible with an officially issued waste disposal number. You can apply for a disposal number. You will need this, for example, for waste disposal certificates, consignment bills and transfer bills and in the event that you wish to be certified as a waste management company. Producer numbers are farm-related identification numbers. Producer numbers are usually assigned on a site-specific basis. You receive the number from the competent authority.
