Teaser	You must notify the M-V Chamber of Engineers in advance of the first time you provide a service as an engineer in M-V. Upon application, the professional title "engineer" will be granted and you will be entered in the "Directory of external service providers".
Volltext	<p>The professional title "Consulting Engineer" is protected by the Lower Saxony Engineering Act (NIngG). If you have neither a place of residence nor a professional establishment in Germany and temporarily and occasionally carry out professional tasks of engineers within the meaning of § 2 NIngG on a freelance basis in Lower Saxony, you may use the professional title "Consulting Engineer" if you are entered in the register of external consulting engineers. The provision of the service must be reported to the Chamber of Engineers.</p> <p>If one year has passed since the last advertisement and you still intend to provide services in Lower Saxony and use the professional title "Consulting Engineer", this must be reported to the Chamber of Engineers.</p>
Erforderliche Unterlagen	<p>For entry in the register of external consulting engineers, persons established in an EU, EEA or equivalent country must submit the following evidence:</p> <ul style="list-style-type: none"> • Initial display of the service • Information on professional indemnity insurance • All documents in non-German must be accompanied by a translation, which must be confirmed by a publicly appointed and sworn translator • Statement of Reliability

Modul

Sachverhalt

In order to be entered in the register of external consulting engineers, persons established in other countries must submit the following evidence:

- Proof of a university degree
- Proof of participation in at least four one-day job-related training events
- Proof of independent and self-reliant work as an engineer by submitting e.g. excerpt from the commercial register, copy of the articles of association, confirmation from the supervisor that he is not bound by professional instructions and / or confirmation of freelancing by the tax office or tax consultant
- Up-to-date proof of the existence of professional indemnity insurance
- All documents in non-German must be accompanied by a translation, which must be confirmed by a publicly appointed and sworn translator
- Statement of Reliability

Please have all the necessary documents ready for the electronic display. Without the complete documents, you will not be able to complete the electronic notification procedure and submit your notification.

Voraussetzungen

For entry in the register of external consulting engineers, the following requirements apply to persons established in an EU, EEA or equivalent country:

- Initial display of the service
- the reliability required for the profession
- Information on the details of insurance cover or any other type of individual or collective protection relating to professional indemnity

For entry in the register of external consulting engineers, the following requirements apply to persons established in other countries:

- Proof of professional qualification
- There are no significant differences between the professional qualification obtained by a foreign engineering/degree degree or a professional qualification entitling the holder to practise the engineering profession in another European country

Modul
Sachverhalt

and a domestic qualification entitling the holder to use the professional title "engineer" (at least three years of standard period of study, at least 70% of the course of study is characterised by mathematics, computer science, natural sciences, technology (STEM)).

- An exception applies to the fields of agricultural and industrial engineering insofar as only a STEM share of at least 51% must be achieved.
- at least three years of full-time or part-time professional experience as an engineer
- Participation in at least four one-day vocational training courses
- independent and self-reliant exercise of the professional task of engineers within the meaning of § 2 NIngG
- when exercising the professional activity, no commercial interests may be represented that are related to the professional activity
- Proof of adequate professional indemnity insurance (personal injury must be insured at least 1,500,000 euros, property damage and financial loss at least 200,000 euros per insured event - double maximization each)
- the reliability required for the profession

Further details can be found in §§ 12 and 13 NIngG (see legal basis).

Kosten

Fees apply.

Registration in the register (EU): free of charge

Entry in the register (third countries): 249 euros

Verfahrensablauf
