Volltext	Anyone who wants to operate a comprehensive system for the disposal of sales packaging needs an official determination. Upon request, the competent authority shall establish that the system has been set up throughout Lower Saxony. The determination may be retrospectively accompanied by ancillary provisions necessary to ensure the conditions prevailing at the time of the adoption of the determination on a permanent basis during the operation of the system. The determination shall be publicly announced and shall take effect from the date of its public announcement. After identification, the free regular collection of used, empty sales packaging from the private end consumer or in his vicinity must be ensured sufficiently and nationwide in Lower Saxony. The packaging recorded in the collection system must be recycled in accordance with the legal requirements. Multiple systems can work together to set up and operate the systems.
