Teaser	In order to clearly assign your waste production sites, you must indicate the establishment numbers issued to you in all waste law procedures. You must apply for the company numbers from the responsible authority.
Volltext	In order to enable a clear allocation of your individual waste production sites in waste law procedures, you can use the corresponding official company numbers. To do this, use the company numbers issued by the responsible authority. You enter these official company numbers in the forms of the waste verification process, such as disposal certificates, accompanying notes and acceptance notes. The company numbers also clearly assign the company locations in other forms under waste law, such as the waste disposal company certificate. You can obtain the company numbers from the responsible authority. Responsibility varies from country to country and may be regulated differently for producers and waste disposal companies, as well as for the type of business.
Erforderliche Unterlagen	Business registration or commercial register extract (copy)
Voraussetzungen	No
Kosten	25.00 EUR - 250.00 EUR
Verfahrensablauf	You can apply for the waste producer number via the online service. The responsible authority first checks whether the information is complete and plausible and whether the necessary documents have been attached. If necessary, it will request information and documents. If the information and documents are complete and plausible, the authority will issue a company number and inform you of it.
Bearbeitungsdauer	The processing time varies depending on the type and scope of your application.
