Handlungsgrundlage	Ordinance on evaporative cooling systems, cooling towers and wet separators (42nd BImSchV) https://www.gesetze-im-internet.de/bimschv_42/index.html#BJNR237900017BJNE001501000
Teaser	
Volltext	If you want to put a new evaporative cooling system, cooling tower or wet separator into operation, you must report this to the responsible authority. Systems that were already in operation before August 20, 2018

Modul	Sachverhalt
	<p>had to be reported by this date. Changes or decommissioning of evaporative cooling systems, cooling towers or wet separators must also be reported to the responsible authority. If you assume responsibility for such a facility, i.e. become the operator, you are also obliged to notify the responsible authority of the change of operator.</p>
Erforderliche Unterlagen	no
Voraussetzungen	<p>You put an evaporative cooling system, a cooling tower or a wet separator into operation. You shut down an evaporative cooling system, a cooling tower or a wet separator. The operator of your evaporative cooling system, cooling tower or wet separator has changed. You have made changes to your evaporative cooling system, a cooling tower or a wet separator.</p>
Kosten	Gebühr: Es fallen keine Kosten an
Verfahrensablauf	<p>You submit the notification electronically via the "Register for the recording of evaporative cooling systems 42. BImSchV – KaVKA". You register in the KaVKA-42.BV system. You enter the master data of the workplace and the facility in the input mask. You submit your entries to the responsible authority. The responsible authority will check your entries and documents. If necessary, the responsible authority will request further documents and information from you. The responsible authority records your cooling system in the register of evaporative cooling systems.</p>
Bearbeitungsdauer	This is a report made by you. You will not receive any notification.
Frist	<p>You must notify the responsible authority of the operation of a new system no later than one month after the initial filling with service water. You had to report existing systems to the responsible authority by August 20, 2018 at the latest. As the new operator, you must report any changes to the system, the decommissioning of the system or any change of operator to the responsible authority immediately, but no later than within one month.</p>
