Kosten	Gebühr: Es fallen keine Kosten an
Verfahrensablauf	Submit the notification in writing or electronically to the responsible authority together with the required documents. The responsible authority will examine your notification. If necessary, it will request further information or documents from you. You will not normally receive a notification confirmation. If you do not meet the requirements, the responsible authority will ask you to correct the deficiencies.
Bearbeitungsdauer	You have fulfilled your reporting obligation if the report is received by the responsible authority on time. As a rule, you will not receive confirmation.
Frist	Submit the notification at least 6 weeks before the planned use.
weiterführende Informationen	
Hinweise	For biocidal products that could be used without expertise under the old version of the Ordinance on Hazardous Substances and that require expertise under the new version of the Ordinance on Hazardous Substances, the expertise requirement under Section 25 of the Ordinance on Hazardous Substances will only apply from 28 July 2025. This regulation also applies to the use of pesticides which, due to the exception in Annex I No. 3.1 of the old version of the Ordinance on Hazardous Substances (GefStoffV) (use in one's own company), could previously be used without specialist knowledge and which now require specialist knowledge under the new version of the Ordinance on Hazardous Substances.
Rechtsbehelf	No legal remedy is provided.
Kurztext	Notification of the use of particularly dangerous biocidal products is required. Display upon first use or after interruption of more than one year. Notification when using biocidal products in the company that are classified as: acute toxic category 1, 2 or 3, carcinogenic, germ cell mutagenic or reproductive toxicant category 1A or 1B, specific target organ toxicant category 1 SE. Notification also required if use
