Hinweise	<p>Please use the online service for taxi and rental car licenses to formally apply for an extension of your taxi license. Applicants who do not operate the taxi business as their main occupation or who have sold or leased their business in whole or in part in the last 8 years will be given lower priority. The same applies if the obligation to operate has not been properly fulfilled. In addition, each applicant can in principle only be granted one permit, unless there are more permits available than there are applicants. Existing entrepreneurs will be given appropriate consideration over new applicants. Within the approval quotas, consideration will be given in the order in which applications are submitted. Please submit your application early, as delays may occur due to incomplete documents or internal review processes. The processing time may depend, among other things, on whether all documents relevant to the decision have been submitted or whether additional documents need to be requested. Further information on how to appeal the decision on your application can be found in the decision on your application.</p>
