Evidence of academic and language requirements. In individual cases, the immigration authorities may require less or more evidence.

Voraussetzungen

In principle, the same requirements must be met to extend the residence permit as when the residence permit was first issued. This means: You do not yet have a guaranteed place at university. You are also not planning to attend any preparatory measures for your studies (preparatory language course, preparatory college). The purpose of applying for a course also applies if you are initially entering the country to take part in an admission or selection process. You either already have the academic and language skills required to study or you acquire them within the period of validity of your residence permit. You can secure your livelihood and health insurance coverage for the duration of your stay from your own resources without having to rely on public benefits. There is no interest in deporting you.

Kosten

96,00 € for a further stay of up to three months 48.00 € for minor applicants for a further stay of up to three months 93,00 € for a further stay of more than three months 46.50 € for minor applicants for a further stay of more than three months Remark: Additional fees may apply for the issuance of a new residence permit in the form of an electronic residence permit (eAT card), which can also be used as electronic proof of identity. The timing, form of fee collection and payment vary depending on the authority. In certain

cases, fee reductions or exemptions may be possible (for example: for those entitled to asylum or recognized refugees). Lower fees may apply for Turkish nationals.

Verfahrensablauf

Find out whether your immigration authority allows you to submit your application online or whether it has a special application form. If you are under 18 years of age, you may not submit the application yourself, but need a representative (usually the application is submitted by the parents with custody). If the application can only be submitted in person, make an appointment at the immigration office. If you apply online, the immigration office will contact you after receiving your application to make an appointment. If you are under 18 years of age, you must be accompanied by at least one legal representative (usually a parent) when you appear in person. If you have joint custody, the parents must appear together at the authority and submit the application on your behalf. If one parent cannot appear in person, the other parent with custody must issue a written authorization to submit the application. During the appointment, your identity and documents will be checked (please bring your documents, preferably in the original, with you to the appointment). If your application is approved, your fingerprints will be taken to produce a residence permit in the form of a new electronic residence permit (eAT card). The immigration authorities commission the Federal Printing Office to produce the eAT card. Once the process is complete, you will receive information and can collect the eAT card from the responsible office. The eAT card must always be collected in person. If your application is rejected, you will receive a rejection notice.
