Verfahrensablauf	The Bremer Freimarkt is a "people's festival" (according to § 60 b of the trade regulations). Therefore, every applicant is basically allowed to participate in the festival. However, the organizer is authorized to exclude individual applicants from participation for objectively justified reasons. This applies in particular if the available space is insufficient. Due to the limited space, only about a quarter of the annual average of about 1200 applications will be considered for admission. The selection is intended to ensure that the character of the folk festival is preserved and that the expectations of the public are met. Furthermore, the quality and variety of the offer
