Teaser	The certification confirms that the content of the copy is identical to the original document. However, the certification does not certify the authenticity or validity of the original.
Volltext	Official certifications of documents/specialized documents are for a specific purpose. In case of doubt, it is examined whether a certification may be made according to the relevant provisions. The "official" certification is to be distinguished from the "public" certification: The public certification is carried out by notaries, the official certification by "offices", i.e. authorities. In Bremerhaven these are • the registry offices for all civil status documents (birth, marriage, civil partnership and death certificates) from the civil status registers kept there, • schools for school certificates, and • all other authorities for documents issued by themselves. • at the Central Citizens' Registration Office and the North Citizens' Registration Office
