Sachverhalt

The fees also apply if the old vehicle registration document is not yet fully completed and a Part I registration certificate must also be issued as a result of the issue of a Part II registration certificate.

Verfahrensablauf

The change must be applied for at the authority either in person or by a third party with written power of attorney. The representative must present the power of attorney, a copy of the identity card of the person granting the power of attorney and, in addition, his or her own identity card or passport.

The registration authority automatically passes on changes relevant to vehicle tax to the main customs office.

Attention: If the vehicle was purchased or leased on credit and the financing bank or the lessor has received the vehicle title or the registration certificate part II as security, the financing provider must be asked to send the document to the registration authority for amendment and proof of the right of disposal. Only when the document has been received by the authority can the amendment be made.

The document remains on site until the amendment has been made or is recalled by the funding agency. In both cases, the document is then returned to the funding agency.

Note: In the event of a change of address (after a move within Bremerhaven without a change of owner), the submission of the registration certificate Part II is not required.

Bearbeitungsdauer

Frist

The change must be made as soon as possible.

registration document and the new registration certificate Part I at the same time. In the event of a change of address within the registration district, a new registration certificate Part I will be issued. If the vehicle still has old vehicle documents, the new address can be entered once in the old vehicle registration certificate. If the address has already been changed once in the vehicle registration certificate, new papers must be issued. Technical changes - if necessary - must also be entered. This also leads to a new issue of the registration certificate Part I and Part II. If the vehicle still has an old vehicle registration certificate, the changes generally lead to a new issue of the registration certificates Part I and Part II. Attention: The change must be reported by the owner of the vehicle. If the owner and holder of the vehicle are different persons, the holder is also obliged to report.
