Teaser	If, as an immigrant of German descent, you wish to exercise a trade subject to registration on a self-employed basis, then there are special regulations for the registration of your trade in the register of skilled crafts.
Volltext	The register of craftsmen is a register in which all • natural and • legal entities and • partnerships with legal capacity who operate a craft subject to licensing as a standing trade (not a traveling trade or market trade) must register. A complete list of crafts subject to registration can be found in Annex A to the Crafts Code (HwO). Furthermore, the company management is entered in the register of skilled crafts, which is responsible for the professional-technical management of the skilled crafts company and which has the necessary professional qualification for the practice of the skilled crafts subject to approval.
