Teaser	Are you applying for a permit for installations under the simplified procedure? Then you can obtain a permit from the competent authority for the construction and operation of installations of a certain type or scope without public participation.
Volltext	Permits for installations of a certain type or scope can be issued in a simplified procedure. In these cases, the procedure is carried out without public participation. You will receive a permit if you fulfill the obligations under the Federal Immission Control Act and the project does not conflict with any other public law regulations. The cases in which a simplified approval procedure is possible can be found in the legal basis.
Erforderliche Unterlagen	
Voraussetzungen	• You must prove that you will comply with the obligations of the Federal Immission Control Act when constructing and operating a plant. • No other public law regulations or occupational health and safety concerns stand in the way of the project.
Kosten	The fees depend on the individual case. They are based

Modul	Sachverhalt
	on the Environmental Administration Cost Ordinance (UmwKostV).
Verfahrensablauf	• You sign and submit the above documents to the authority • The competent authority confirms receipt of the documents and informs you which additional documents it needs to assess the requirements. • You can only start work on your project once you have received the permit. Online application: • You will find the link to the online service "ELiA-Online - Electronic immission control application" under "Further information". • Please log in with your access data via the Gemeinsam-Online service account or register first. • ELiA-Online is a form-based online service that can also be used to attach additional documents (expert reports, drawings, etc.) to the application or notification using the upload function.
Bearbeitungsdauer	3 Monat(e) From the time the documents are complete. The competent authority may extend the deadline by three months.
Frist	Before construction of the plant.
