Teaser	If you apply for a preliminary decision on an installation requiring approval, the competent authority may issue this under certain conditions.
Volltext	If you apply for a preliminary decision, the competent authority will decide on individual approval requirements and the location of the plant. If the effects of the planned installation can be adequately assessed and there is a legitimate interest in issuing a preliminary decision, the competent authority should issue a preliminary decision.
Erforderliche Unterlagen	• ELiA forms (Electronic immission control application), available on the website of the Trade Supervisory Authority of the State of Bremen • Explanatory notes on the system • Required drawings, plans or expert opinions • Other documents If necessary, ask the competent authority
Voraussetzungen	• The competent authority must be able to adequately assess the impact of the planned installation from the application you submit and the required documents. • Your application must demonstrate a legitimate interest in the granting of a preliminary decision

Modul	Sachverhalt
Kosten	290 euros to 11,500 euros. Half of the fee is offset against the respective fee for the permit if the preliminary decision leads to approval without a significant change.
Verfahrensablauf	• You submit the signed documents to the authority. • The competent authority will check your application. • If necessary, the competent authority will request further information or documents from you. • The competent authority publishes the application with the associated documents and makes it publicly available for one month. • The competent authority invites the other authorities to be involved to comment on the approval procedure within one month. • Objections will be discussed with you and those who have raised the objections at a public meeting. • In a simplified approval procedure or if public participation is waived, there is no public display and no discussion meeting. • The competent authority decides on your application. • If necessary, the competent authority will add substantive and ancillary provisions to the decision. • You will receive a written decision with reasons. • Those who have raised objections will also receive the decision with reasons. Online application: • You will find the link to the online service "ELiA-Online - Electronic application under immission control law" under "Further information". • Please log in with your access data via the Gemeinsam-Online service account or register first. • ELiA-Online is a form-based online service that can also be used to attach additional documents (expert reports, drawings, etc.) to the application or notification using the upload function.
Bearbeitungsdauer	Depending on the individual case.
Frist	Period of validity: 2 years (The preliminary decision becomes invalid if you do not apply for approval of the installation within 2 years. In justified exceptional cases, the period of validity of the preliminary decision
