Volltext	Recovered paper is a valuable raw material. Paper products made from waste paper (recycled paper, cardboard and cartons) have a significantly lower environmental impact than paper products made from virgin fibers. Recycled paper is therefore also awarded the Blue Angel eco-label. You can deliver paper and cardboard to the Bremen recycling stations. This is paper: • Newspapers, magazines, books, brochures • writing paper and packaging made of paper and cardboard. This is not paper: • Wallpaper, soiled paper and cardboard packaging (e.g. pizza boxes or used tissues), coated paper - this belongs in the residual waste garbage can.
